Measure, Appointment or Topic: HB3103

I am supporting this bill .state of Oregon has to cut more Timber and start cleaning the state forests up .stop letting the environmentalist control this issue .state owned forest are dying trees are over ripe they need to be logged and the slash piled and burned.This will be the best way to stop catastrophic wild fires. Environmentalists need to be e stopped .alot of communities depend Timber harvesting with out it they will become ghost towns..schools and businesses will close .This bill needs to be approved and signed very soon.save our Forest and way of making a living and supporting our families.

Thank you
