

Submitter: Diane Johnsen

On Behalf Of:

Committee: Joint Committee On Transportation

Measure, Appointment or Topic: HB3362

Citizens in Oregon are living paycheck to paycheck. As a senior, I cannot afford to even retire due to the high cost of living in our state. As an independent contractor I travel out of town and throughout the Portland metro area for work. Taxing me on already unaffordable tires would just be another obstacle in trying to make ends meet. It's no wonder so many people, especially seniors, are choosing to move out of state. It's becoming unsustainable.
