

Submitter: Sue Woodman

On Behalf Of:

Committee: Joint Committee On Transportation

Measure, Appointment or Topic: HB3362

As a senior on a fixed income, I find it abhorrent that another new tax for Oregonians is being voted on. Not only seniors, but young families are struggling. Wages and social security are not keeping up with the rise in pricing for housing, utilities, medical, food and gas. Please do not put another burdensome tax on Oregonians.
