Resources, and Water

Measure, Appointment or Topic: HB3103

I urge you to reject House Bill 3103, which would force the Department of Forestry to log our public forests at reckless and unsustainable levels.

These forests belong to all of Oregonians, who expect their representatives to stand up for our environment, not to cave to huge profits seeking demands of timber executives.

The State Forest HCP was developed with years of public input. The courts have upheld Oregon's right to manage these forests for multiple benefits (County of Linn v. State of Oregon).

Oregon's state forests are meant to serve all of us. Now is the time to make it clear that this means managing them for clean water, wildlife, recreation, and future generations—not just logging.

Please reject HB 3103.
