Resources, and Water

Measure, Appointment or Topic: HB3103

As a tax payer and property owner In Cave Junction I oppose house bill 3103. It is vital to steward our forest in a way that won't jeopardize resident's access to clean air, water and recreation. Prioritizing logging and timber harvest can have devastating effects that often times leaves neighboring communities with the consequences. Please oppose this bill as it threatens the vitality of our forest and communities.
