Measure, Appointment or Topic: SB702

I oppose senate bill 702. I support adult rights to choose for themselves whether they want to vape or smoke. Prohibition has never worked and only creates crime and black-market activity. Proper regulation is easy. We regulate marijuana and alcohol just fine, no reason we can't regulate tobacco products as well. Taking away law abiding citizen rights only serves to create more division in a state/country already torn by divisive political action. No on 702
