On Behalf Of:

Committee: Senate Committee On Education

Measure, Appointment or Topic: SB1098

Representatives,

I serve a very rural community in Southern Oregon, our rural branch library is the only access point many people have to information and stories about people and the world beyond our valley. I urge you to support the freedom to read, everyone's story deserves to be heard, and all Oregonians, no matter where they live, deserve to be allowed to hear them. Thank you for your time and service.

Kind regards,
Amber Guient
