Committee:

Joint Committee On Transportation

Measure, Appointment or Topic:

HB3362

Oregon doesn't have sales taxes. Calling sales tax an excise tax doesn't change the fact that it is a sales tax. Taxation of a necessary product for vehicles necessary to get to work is counterproductive. Please don't put this on the floor for a vote. The middle and working class can't afford yet another tax reducing their income. Please end this bill.
