

Submitter: Kelli Schultz

On Behalf Of:

Committee: House Committee On Agriculture, Land Use, Natural  
Resources, and Water

Measure, Appointment or Topic: HB3103

Dear Co-Chairs Helm and Owens, and Members of the Committee,

I urge you to oppose this bill. I oppose House Bill 3103 and its amendments. This bill originated from timber industry interests and it undermines the Western Oregon state forest habitat conservation plan, resulting more clearcuts, more lawsuits, less habitat for salmon and wildlife, and less carbon storage. It would also imperil key drinking water sources.

We are at a crucial time for forests in this country. Oregon's mature forests have some of the highest carbon storage in the world, and sacrificing to the false claim of avoiding fire danger is ludicrous. In fact, mature forests are our first defense against forest fire, not the plantation forests that the timber industry wants to replace them with.

This bill also does not take into account the interests of Native Americans, who did a better job of forest stewardship than our timber industries. PLEASE Do Not allow this bill pass out of committee!

Sincerely  
Kelli Schultz
