

Submitter: Karen Nelson

On Behalf Of:

Committee: Joint Committee On Transportation

Measure, Appointment or Topic: HB3362

Portland potholes are so severe that tire repairs are common. Check with Les Schwab, Nissan and other tire service businesses...they will confirm this. Our taxes are paid to include safety for transportation...and in heavy traffic we cannot avoid the potholes. Now the proposal to pay taxes on tires that are damaged from unmaintained roads, is not fair or reasonable. Fix the potholes, and we will use less tires...
