Resources, and Water

Measure, Appointment or Topic: HB3103

I urge you to reject House Bill 3103. This bill would mandate unsustainable logging in our public forests, ignoring the carefully developed State Forest Habitat Conservation Plan and the court's affirmation of Oregon's right to manage these lands for multiple benefits. Oregonians deserve leaders who prioritize our environment, not the profits of timber executives. Our state forests should serve everyone, providing clean water, wildlife habitat, recreation, and ensuring a healthy future, not just maximizing logging output. Please, vote no on HB 3103.
