

Submitter: Ian Nelson

On Behalf Of:

Committee: Senate Committee On Judiciary

Measure, Appointment or Topic: SB1003

To the honorable members of the Oregon Senate,

The proposed modifications to the so-called Death with Dignity Act represents a bleak and misguided view of the dignity of life in the state of Oregon. Oregonians like me desire our state to be known as where the lives of our families are held in such honor that we seek ways to preserve them rather than rush to end them. I urge you to vote no on this bill.
