

Submitter: Jolene Muncy

On Behalf Of:

Committee: Joint Committee On Transportation

Measure, Appointment or Topic: HB3362

I oppose this bill. Enough with the taxes! We are nickel and dined to death in this State. Stop punishing your constituents because of your errors and corruption. Learn to work with the money that you have. Enough is enough! You have made this place unlivable. No matter how hard we work, you make sure that we never get to see the benefit. You consistently raise taxes with zero benefit.
