

Submitter: John Unger

On Behalf Of:

Committee: Joint Committee On Transportation

Measure, Appointment or Topic: HB3362

First and foremost, we do not have a sales tax in Oregon. Oregonians are already over taxed. This new tax would put another burden on Oregon's hard working men and women and would also lead to unsafe roadways due to impoverished Oregonians being unable to purchase new tires, forcing them to drive on worn out/unsafe tires.
