

Submitter: James Moos

On Behalf Of:

Committee: Joint Committee On Transportation

Measure, Appointment or Topic: HB3362

Wildlife crossings are worth our time and money. Twice, we have had deer run out from the side of the road and into our vehicle. You cannot imagine the horror of the impact and trying to keep your vehicle on the road and away from oncoming traffic in the split seconds a confrontation like this takes. The aftermath at best is usually a deer that will wonder off the road and die and a couple thousand dollars in damage to the vehicle. We are thankful these terrible encounters did not result in bodily harm to any passengers. These could have been avoided by wildlife crossings channeling wildlife to safe crossings. Please save lives, theirs and ours.

Respectfully,

Beverly Moos
