On Behalf Of:

Committee: Senate Committee On Judiciary

Measure, Appointment or Topic: SB1003

I have seen to many youth and children lose hope and commit suicide. When someone is depressed or in a bad situation they are not thinking correctly, please do not pass this law of death, but offer tools to bring hope to the hopeless. Suicide does not only affect the person it's impacts families, friends, and our society.

Thank you for stopping this bill today.

Sincerely,

Kim Gomez
