

Submitter: Joann Boyles

On Behalf Of:

Committee: House Committee On Agriculture, Land Use, Natural
Resources, and Water

Measure, Appointment or Topic: HB3103

I use our wild places a lot and value the diversity and health. As Oregonians.. we are actively using and are a part of them! Forest aren't just made up of timber.. but are a sum of all the parts.. from bear and big cats to smaller mammals and birds to the fungi and bugs. I absolutely oppose this bill as it will upset nature's intimate wisdom and destroy habitat and ecosystems. Thank you for your time...

Joann Boyles
