Measure, Appointment or Topic: HB3362

To: My representatives, I am a 47 year resident of Oregon and am proud to be an EX-Californian. I came to Oregon because at 20 years old I could see the writing on the wall and wanted to escape the ridiculous tax burden that the out of touch politicians were laying on the good people of California. It has gone in that state exactly as I knew it would and that state is losing residents and businesses at an alarming rate. The taxes and fees are punishing the people and it looks like Oregon is following California into the same ditch. This proposed tax is just another brick in the wall being built by an elected group who have forgotten that we the people are suffering loss every time you throw another tax/fee at us with utter disregard for the real needs of the people you should be representing. NO MORE TAXES OR FEES!!!! You have more than enough, Start acting responsible with the funds you are given and stop the tax and spend BS. Notice how we the people elected the present federal administration, We are sick of the excess taxing and waste. Thank You for your time, Jim Denny
