Measure, Appointment or Topic: HB3362

Oregon currently has five taxes that our company pays every year, when is enough enough!!! We pay Oregon Corporate income tax, CAT Tax, City tax, County tax, and a homeless tax.

Now you want to add a tire tax?? Keep it up and you will have no businesses to tax because they will all be moving out of the state of Oregon.

The state of Oregon needs to learn how to operate on a budget like all your residents and businesses who are struggling to survive with inflation and the cost of doing business in Oregon.

I would bet an audit of the states expenses for waste would more than make up for the funds received by a tire tax.

But of course, it's a much easier fix to create new taxes then auditing the states books for waste.

Said state of affairs.
