

Submitter: Eric Hill

On Behalf Of:

Committee: Joint Committee On Transportation

Measure, Appointment or Topic: HB3362

Please don't add another tax. This state has become insane, with more and more taxes. It is wrong that working class people are barely getting by, while government continues to spend unchecked. Please instead start prioritizing spending and eliminate some of the waste in Government. Or maybe downsize? Or take money that is being irresponsibly spent through the Oregon Health Authority. We can't afford more taxes, as Oregon becomes a horrible place to work and have a business.
