Resources, and Water  
Measure, Appointment or Topic: HB3103

Dear Chairs Helm and Owens and members of the House Committee On Agriculture,  
Land Use, Natural Resources and Water

From Craig Lacy on behalf of The Vocal Seniority an Indivisible group in Bend  
Oregon.

We oppose HB 3103. For too long our forests have been treated like commodities  
rather than natural resources. We want to preserve our forests as best we can to  
improve carbon sequestration, wildlife, water quantity and quality, and recreation  
values. This bill would result in more clearcuts and it undermines the state forest  
habitat conservation plan.

Climate change is causing damage to our wildlife and habitat degradation is adding  
to their extinctions. Please do what you can to protect our forests for future  
generation and vote to oppose this dreadful legislation.

Thanks for all you do,  
Craig Lacy,
