I have wrestled with the question, 'What if' in three life and death issues. One with abortion that changed my mind, What if life begins at conception?

Also, on capital punishment, What if there is DNA to be discovered?

Then on end of life issues, What if God breathed life into each of us, isn't He best to take our last breath? And that without interference of another?

What if?

Thank you for all you do for our community. I'm praying for you in this decision.
