

Submitter: Patty DeBois

On Behalf Of:

Committee: Senate Committee On Education

Measure, Appointment or Topic: SB1098

I am against Senate bill 1098 and urge you to oppose it. This bill would prevent parents in school boards from determining what is best for children. I have seen some of the books in schools that are absolutely not appropriate for our children. Parents and school boards must be able to determine what is right for our children. Vote no on this measure.
