Measure, Appointment or Topic: HB3362

I oppose HB 3362. As an owner of a small business I can confidently say we are being taxed to death! It is more than apparent that most of the Oregon Senate actually wants small business to fail. Perhaps someone can explain to me why that is. Do you not understand that if you tax us out of business it will lower tax revenue not increase it? This is been proven over and over throughout history. Seriously, do the math.
