

Submitter: Susan Andrews

On Behalf Of:

Committee: House Committee On Agriculture, Land Use, Natural  
Resources, and Water

Measure, Appointment or Topic: HB3103

I oppose this bill because it undermines the Habitat Conservation plan and Climate Change and Carbon Plans put in place to protect our natural world from the negative impacts of timber harvesting. Keeping these two state plans in place is especially important as the feds remove the funding and personnel that protected the health of our forests and wildlife and water quality.
