

Submitter:

Bill Littlefield

On Behalf Of:

Committee:

Joint Committee On Transportation

Measure, Appointment or Topic:

HB3362

I opposed HB 3362. Do not tax my tires, or other Oregonians tires, and use that money for something other than our roads. The roads are in poor shape and when a crew does go to work on one, they take forever which means the inconvenience last way too long. Quit focusing on stuff that DOESN'T MATTER to most Oregonians and focus on higher priority items. Quit spending our hard earned dollars like drunken sailors.
