Measure, Appointment or Topic: SB1098

The State oversight and manipulation of public education has been an abject failure since it was crafted in the 50's to remove local control. Our Oregon education system has become a union run and costly failure at the task of educating students with one of the lowest levels of success in the nation. Take the Federal Government lead in decentralization as an opportunity afforded by Trump to turn off the social indoctrination and get back to basics. DEI is a losing strategy.
