

Submitter: Troy Hartwell

On Behalf Of:

Committee: Senate Committee On Judiciary

Measure, Appointment or Topic: SB993

My Agency (of 11 Licensed Investigators) need access to Mugshots (both current and historical) as a way to identify both clients, witnesses and possible alleged victims.

My professional ethics would prevent and regulate me from sharing these with anyone outside of the defense team (ie: the public, media, etc).

When this law took effect, it reduced my ability to provide high quality investigations to defendants and Attorneys.

Please consider supporting this bill, as it will assist in balancing the scales of justice.
