

Submitter: Commissioner Mary Starrett

On Behalf Of:

Committee: Joint Committee On Transportation

Measure, Appointment or Topic: HB3362

Good afternoon,

Yamhill County has faced underfunded and unfunded road infrastructure projects for decades.

HB 3362 would not only fail to address funding shortfalls for those projects but would further burden residents who are already paying among the Nation's highest gas taxes.

Please consider the added cost for those who live, commute and operate farm and commercial vehicles in our County and OPPOSE HB 3362.

Respectfully,

Mary Starrett

Yamhill County Commissioner
