

Submitter: Kevin Conroy

On Behalf Of:

Committee: Senate Committee On Judiciary

Measure, Appointment or Topic: SB1003

I believe life is a precious gift and I wish all individuals a peaceful and dignified end to it. However, the Oregon Death With Dignity Act placed our society on a “slippery slope” in regard to suicide both physician assisted and personally induced. The proposed modifications are not necessary and simple move us down the slope of the gradual erosion of any limitations.
