

Submitter: Chad Kernutt
On Behalf Of: WE THE PARENTS
Committee: Senate Committee On Education
Measure, Appointment or Topic: SB1098

Dear Lawmakers,

Please vote NO on SB-1098. My name is Chad Kernutt, I represent a Jewish Christian family of 5 that is beholden to our Lord God and I have 3 children currently in school, and I live in Albany, Oregon with my senator being Sara Gelser and representative being Shelley Boshart-Davis. With the state education department and liberals in the governors office and legislature being hell bent on forcing the divisive CRT and LGBTQ+ race based and sexual ideologies and agendas on our children, keeping an eye out for divisive curriculum that should not be being forced and pushed on our children that discriminates against religious families is the only tool and recourse that we parents have left for accountability and to protect our children and our freedoms and rights. I love how every time CRT and LGBTQ+ items are pushed in our schools it's under the false claim of anti-discrimination. The only problem with that is the very people pushing these agendas and ideologies view it as okay to discriminate against the religious community when pushing these agendas. Especially in discriminating against the Abrahamic faiths (Christianity, Judaism, and Islam). We in the religious community don't want agendas, especially of the sexual based nature, pushed on our children when in our faiths the agenda and lifestyles are a sin and abomination by God's very own Commandments. This bill is nothing but a push to protect and permanently solidify the state's approach and agenda to push race and sexual based policies and curriculum on our children meanwhile ensuring God and religion can never be discussed in the classroom other than to label it as bigoted and discriminatory meanwhile discriminating against the entire religious community. Please do not strip away the rights of WE THE PARENTS to protest and challenge curriculum that's offensive, sexually perverted/inappropriate, and discriminatory against religious families that fear God, when it's the only tool of defense that our communities and WE THE PARENTS have left to fight back against discrimination and indoctrination of our children. Please vote NO on SB-1098. Thank you.

Sincerely,
Chad Kernutt
Albany, Oregon
