Committee: House Committee On Agriculture, Land Use, Natural
Resources, and Water

Measure, Appointment or Topic: HB3103

Dear Members of the Committee,

I oppose House Bill 3103 and all its subsequent amendments. The bill undermines the conservation efforts being made locally and shouldn't be passed.

I urge you to oppose this bill. Instead, push for selective cutting which disrupts ecosystems less significantly and allows more sustainable harvesting practices.

Please don't let this bill pass.

Sincerely,
Roman
