

Submitter: Mark Hutchinson

On Behalf Of:

Committee: House Committee On Agriculture, Land Use, Natural
Resources, and Water

Measure, Appointment or Topic: HB3103

I oppose HB3103 it rolls back agreements made in concert with the logging community less than a year after this agreement was signed.

Not only did the industry agree but advertising for the plan taking credit, while at the same point harvesting everything possible before the accord came into place. The restrictions are small they just protect small critical areas for wildlife during this time of hot summers.
