On Behalf Of:

Committee: Senate Committee On Education

Measure, Appointment or Topic: SB1098

Chair and committee members

I oppose SB 1098 because is material that is presented to students is inappropriate it does not matter who the material comes from, it is inappropriate.

By giving exception to a particular class or distinction is racist!

Would you want your child or grandchild to be exposed to inappropriate material in school? Please allow discretion in the material that is presented to students!
