I am opposed to adding more tax on tires. To many this might not be an issue but working in the Trucking and transportation and Maintenance field it is a big difference. Passenger tires range \$291.00 to \$507.00 per tire, on highway truck tires can run \$600 to \$1,245.00 Off highway tires are very expensive and easily cost \$16,000 Each. This seems to be unfair tax on Private and businesses. Thank you for your time.
