

Submitter: Larry Sipe

On Behalf Of:

Committee: House Committee On Climate, Energy, and Environment

Measure, Appointment or Topic: HB3546

Dear House Committee on Climate, Energy & Environment:

I respectfully request you SUPPORT HB 3546. Big tech companies like Amazon and Google use vast amounts of energy for servers and data centers, many located in or planned to be located in Oregon. This strains our grid and drives up energy costs. HB3546 ensures that large energy users contribute their fair share to grid infrastructure and energy costs. Oregon families and small businesses should not be footing the bill for giant corporations.

I implore you to SUPPORT HB 3546 to create stronger protections for Oregon families. We cannot be subsidizing the growth of big businesses on our energy bills. HB 3546 protects our energy bills, holds data centers accountable, and makes our entire utility system stronger.

I respectfully request you SUPPORT HB 3546.

With gratitude,
Larry Sipe
Salem, Oregon
