Measure, Appointment or Topic: SB1003

I am opposed to SB1003 and legislators should be too. Why would we rush people into choosing to end their life? This measure already is legalized murder of vulnerable individuals and now the Democrat legislature wants to shorten the time? What Democrats have done is adopt the secular 'culture of death'. Those who are considering ending their life should not be coerced into quickly making a life-ending decision. Perhaps the Democrat party should have those wishing death dress in black sweatpants and black Nike shoes before drinking the specially made concoction (look it up if you don't get the reference).

This bill is completely immoral and shows no value for human life!
