

Submitter: Linda Hanratty
On Behalf Of: As a Hospice Nurse
Committee: Senate Committee On Judiciary
Measure, Appointment or Topic: SB1003

As a Hospice RN, this bill is gravely distressing. It is unfair to place this responsibility on anyone. We are not God. Our job is to make people comfortable emotionally, spiritually and physically and to help the families prepare. This bill violates the plan for each individual to complete their life naturally, from the womb to the tomb. VOTE NO
