Joint Committe ON Transportation,

I oppose this tax, how about some fiscal stability and audits of ODOT since they are over \$ 1 Billion short. Audits need to be done.

ODOT is very wasteful in what they spend. We don't need more bike paths or light rail (Crime Line) over the Columbia River. We need our highways and bridges fixed and ODOT has not been doing very well on fixing our infrastructure. Highways going to the coast need improvements especially Highways 30, 26 and 6.

Adding more tax burdens to the citizens who work for a living with an overspending Oregon government, it is time to reel the spending in and have some fiscal sanity. Very clear the party in charge dislikes fiscal responsibility because the people in charge think of us as peons. Your supposed to work for us the taxpayers! I am tired of paying more taxes when I see nothing or little in return. It is time to audit ODOT and other departments. This fiscal insolvency is the blame of the party in charge for too many years. I oppose HB 3362. Thank you.
