

Submitter:

Kathy Baron

On Behalf Of:

Committee:

Senate Committee On Judiciary

Measure, Appointment or Topic:

SB1003

I am totally opposed to this bill. The sick and elderly need loving care and pain management, not ways to kill themselves. This bill, and its predecessors, have caused a huge lack of trust in the advice and judgement of health "care" providers. This bill is not "care" in any sense of the word. Please vote against it.
