Measure, Appointment or Topic: HB3362

Oregonians have continuously voted against Sales Tax. This bill is just another tax on the sale of an item Oregonians purchase. This bill would pose undo and unneeded expense on necessary items to conduct everyday life. Adds additional expenses for people who are already struggling financially. HB3362 would also harm our farm, logging industries and more, as this tax would apply to all tires. This tax would go to fund items in the state that aren't related to roads, bridges or maintenance but unnecessary wildlife crossings and an already bloated public transit system. Public transit systems that already receive tax from the tax payers, and in most cases more than once depending on which county you live in.

No more tax bills that are NOT voted on by the people of Oregon.
