

Submitter: Michael ferry
On Behalf Of:
Committee: Joint Committee On Transportation
Measure, Appointment or Topic: HB3362

The proposed bill to tax the sales of tires and placing the monies into a slush fund to pay for anything apart from roads, such as rail and an untested tire disposal displays how disconnected our representatives truly are from reality. This is about as logical as taking the funds raised and spending them on studies as to what materials make up a dirt road surface!
