

Submitter: Annette Vaughan

On Behalf Of:

Committee: Joint Committee On Transportation

Measure, Appointment or Topic: HB3362

Please oppose HB 3362. Tire prices are already up 33% since 2020. Adding a tax to an already expensive, but necessary, item puts undue financial stress on Oregonians.

The fact that this tax is mostly slated to go towards rail transit is ridiculous. What about our roads? This is a bad bill with poor logic.
