

Submitter: Regan Dugger

On Behalf Of:

Committee: Joint Committee On Transportation

Measure, Appointment or Topic: HB3362

No tax on tires! It is time to stop taxing the people who put you in office to represent all Oregonians. The legislature is too quick to tax and it hurts us all. If you need money to fund a project, you need to stop doing so on the backs of your constituents. Given the choice between raising revenue or reducing government spending, Oregon always goes the tax route. Everyone is then forced to cut expenses to afford living costs. Do it the other way for once; cut spending without taxing us! Stop adding new taxes. Period. No tax on tires!
