On Behalf Of:

Committee: Senate Committee On Energy and Environment

Measure, Appointment or Topic: SB88

Dear Chair Sollman, Vice-Chair Brock Smith, and Members of the Committee,

My name is Emily Herbert and I live in Dallas and I am writing because corporate profiteering from essential services is growing and WRONG. I support SB 88 to make sure that advertising, legal, and lobbyist fees come out of company profits, not ratepayer pockets.

I support SB 88 because:

Advertising, legal and lobbyist fees added to the real costs of providing power only benefit the bottom line of corporations and their investors, not the public dependent upon the utility.

The people I talk to in Dallas have too little income to meet their basic needs. SB88 would help a bit and is a good framework for all Oregon utilities. Our legislature needs to represent the people's common good, not increase profits for utilities.

Sincerely,
Emily Herbert
