

Submitter: Dennis Stoecklin

On Behalf Of:

Committee: Joint Committee On Transportation

Measure, Appointment or Topic: HB3362

What Oregon does NOT need is another tax which appears to be very vague in terms of the tax utilization for the public benefit.

First of all rail transit benefits a very small geographic area of the state and an even smaller population.

Secondly, what is a tire pollution program? Really?

Stop taxing us more and begin addressing the states real issues that already exist - like crumbling roads !!
