It's important to note that when our kids are not afraid to read any book, to not have fear for their own knowledge and empathy, they have MORE power to make BETTER decisions with their life. If they fear, they limit themselves. If the adults around them teach them to discriminate and judge, those same kids could end up having prejudice against their own parents, and against themselves.

It's also important to note that this bill DOES NOT PREVENT CHALLENGES. It just makes sure we follow the law when they happen, so a vocal group - no matter how big - won't end up controlling the destinies of everyone else. That kind of control is undemocratic, un-American and limits our freedom.

Please pass SB 1098. It's for all of us who want freedom over fear.
