

Submitter: Rachel Martin

On Behalf Of:

Committee: House Committee On Agriculture, Land Use, Natural  
Resources, and Water

Measure, Appointment or Topic: HB3103

HB 3103 would undermine protections for Oregon's state forests by putting clearcuts above fish, wildlife, clean water, recreation and other values that Oregonians cherish in our state forests. This includes halting implementation of the state forest Habitat Conservation Plan (HCP) that we have fought so hard for.

HB 3103 would result in more litigation. HB 3103 would establish a new right to sue the Oregon Department of Forestry over state forest timber harvest plans to obtain court orders that compel more clearcuts on public land

Please, do not pass this bill. HB 3103 only hurts us and our environment.
