

Submitter: Carole Leofsky

On Behalf Of:

Committee: Joint Committee On Transportation

Measure, Appointment or Topic: HB3362

Sounds like HB/3362 should be called the Fake Tire Pollution Tax that's really mainly meant to fund rail transit that nobody wants to ride. Do the sponsors of the bill use rail transit? Or do they more conveniently use their own personal transportation and want others to ride transit? No more new taxes. Find some taxes to undo for a change.
