Committee: House Committee On Climate, Energy, and Environment

Measure, Appointment or Topic: HB3081

Dear Chair Lively, Vice Chair Gamba, Vice Chair Levy, and Members of the Committee,

I am writing to urge your support for House Bill 3081 “One Stop Shop 2.0” to improve opportunities for all Oregonians to get rebates and incentives on home energy-efficiency upgrades.

Even if federal support for such measures may be falling to the wayside this is the time for Oregon to push ahead. We should all have access to home upgrades that lower energy bills, improve health, and protect us from extreme heat and wildfire smoke. We must make it easier for people of all incomes and abilities to stay in their homes and make housing resilient.

Thank you,
Peter Kokopeli
